

# Best-in-Class Equipment Washers & Support from BES Healthcare

BES Healthcare Ltd has been established for over three decades and offers the best-in-class equipment washers that can help you save costs, deliver efficiency, and safeguard your staff, improving your service.

What can BES offer you?

## Best in Class Washers

- Equipment washers from BES have a low carbon footprint, use less energy, remove the toughest of soils, clean faster, and make equipment last longer
- Specially formulated chemicals used in our washers remove difficult soils, and are effective against a multitude of micro-organisms such as C.diff and E.coli

## Free Site Survey

- Before you purchase an equipment washer, our sales and engineering team will perform a site and facilities survey to ensure your machine can be installed correctly
- We will not install a machine if it is not right for you

## Training and Support

- BES will ensure all your employees using the machine are fully trained and provide certificates on completion
- We will provide on-going customer service support when you need it
- As part of the maintenance contract BES will also provide training on a yearly basis

## Equipment Maintenance

- We have a team of engineers across the UK to ensure that your machine is maintained and periodically serviced, and your staff are fully supported
- Maintenance contracts with BES will guarantee a high standard of service, extended warranty on the machine, any call outs, and micro-biological testing if needed
- Within the contract period an engineer will service the machine every 6 months, along with full support when needed
